On the right side of the banner, there is a circular inset showing a smiling man in a white shirt and tie giving a thumbs up. The background of the entire banner features a large, stylized red and orange wave graphic.

PeopleCert ITIL-Practitioner Real Questions - Eliminate Your Risk of Failure

P2PEXams is the best platform for you. It provides the candidates with the best ITIL Practitioner ITIL-Practitioner exam preparation material. Updated ITIL Practitioner ITIL-Practitioner exam dumps by P2PEXams will help candidates to prepare all ITIL-Practitioner

exam topics. Before going to take the ITIL-Practitioner exam you must have enough knowledge of the ITIL-Practitioner exam. Using these valid PeopleCert ITIL-Practitioner exam questions you can get essential knowledge that will assist you to gain excellent marks in the final ITIL Practitioner ITIL-Practitioner exam. P2PEXams has developed this PeopleCert ITIL-Practitioner preparation material as per the ITIL Practitioner ITIL-Practitioner exam syllabus with the help of experienced professionals. For helping candidates pass the ITIL Practitioner ITIL-Practitioner exam, P2PEXams has launched 3 different formats for practice. These formats are PeopleCert ITIL-Practitioner dumps pdf formats and desktop & web-based practice test software

PeopleCert ITIL-Practitioner PDF Dumps Format - Easy To Accessible

The ITIL Practitioner ITIL-Practitioner dumps PDF format can be easily downloaded and run on any device such as a laptop, smartphone, tablet, etc. ITIL-Practitioner dumps pdf file contains actual ITIL-Practitioner exam questions. You can easily use a pdf file at any place and memorize all real and important ITIL-Practitioner exam questions. It is very suitable for those who don't have enough time to prepare for the ITIL Practitioner ITIL-Practitioner exam. ITIL-Practitioner questions in ITIL-Practitioner dumps pdf files have a high chance of appearing in the actual ITIL Practitioner ITIL-Practitioner exam. So you can crack this ITIL-Practitioner exam in the first attempt using PeopleCert ITIL-Practitioner pdf dumps.

PeopleCert ITIL-Practitioner Practice Exam Software- Desktop-Based & Web-Based

PeopleCert ITIL-Practitioner practice test in desktop version can be installed and used on all windows operating systems on the other hand Web-based ITIL-Practitioner practice test is an online practice test software that can be used through the internet. No installation is required for the web-based ITIL Practitioner ITIL-Practitioner practice test. These ITIL Practitioner ITIL-Practitioner practice test software show the actual exam environment. You can practice multiple times with ITIL-Practitioner practice test software and at the end, you can check your progress report. Practicing through ITIL-Practitioner practice test software you can eliminate your mistakes. In the actual ITIL-Practitioner exam a specific time will be allotted. So with the PeopleCert ITIL-Practitioner practice test, you can learn how to manage time and attempt all PeopleCert ITIL-Practitioner questions within the given time. Thus, ITIL-Practitioner practice test software by P2PEXams is the best method to prepare for the ITIL Practitioner ITIL-Practitioner exam and get success with the highest marks.

PeopleCert ITIL-Practitioner Exam Questions With Free Updated And Money-Back Guarantee

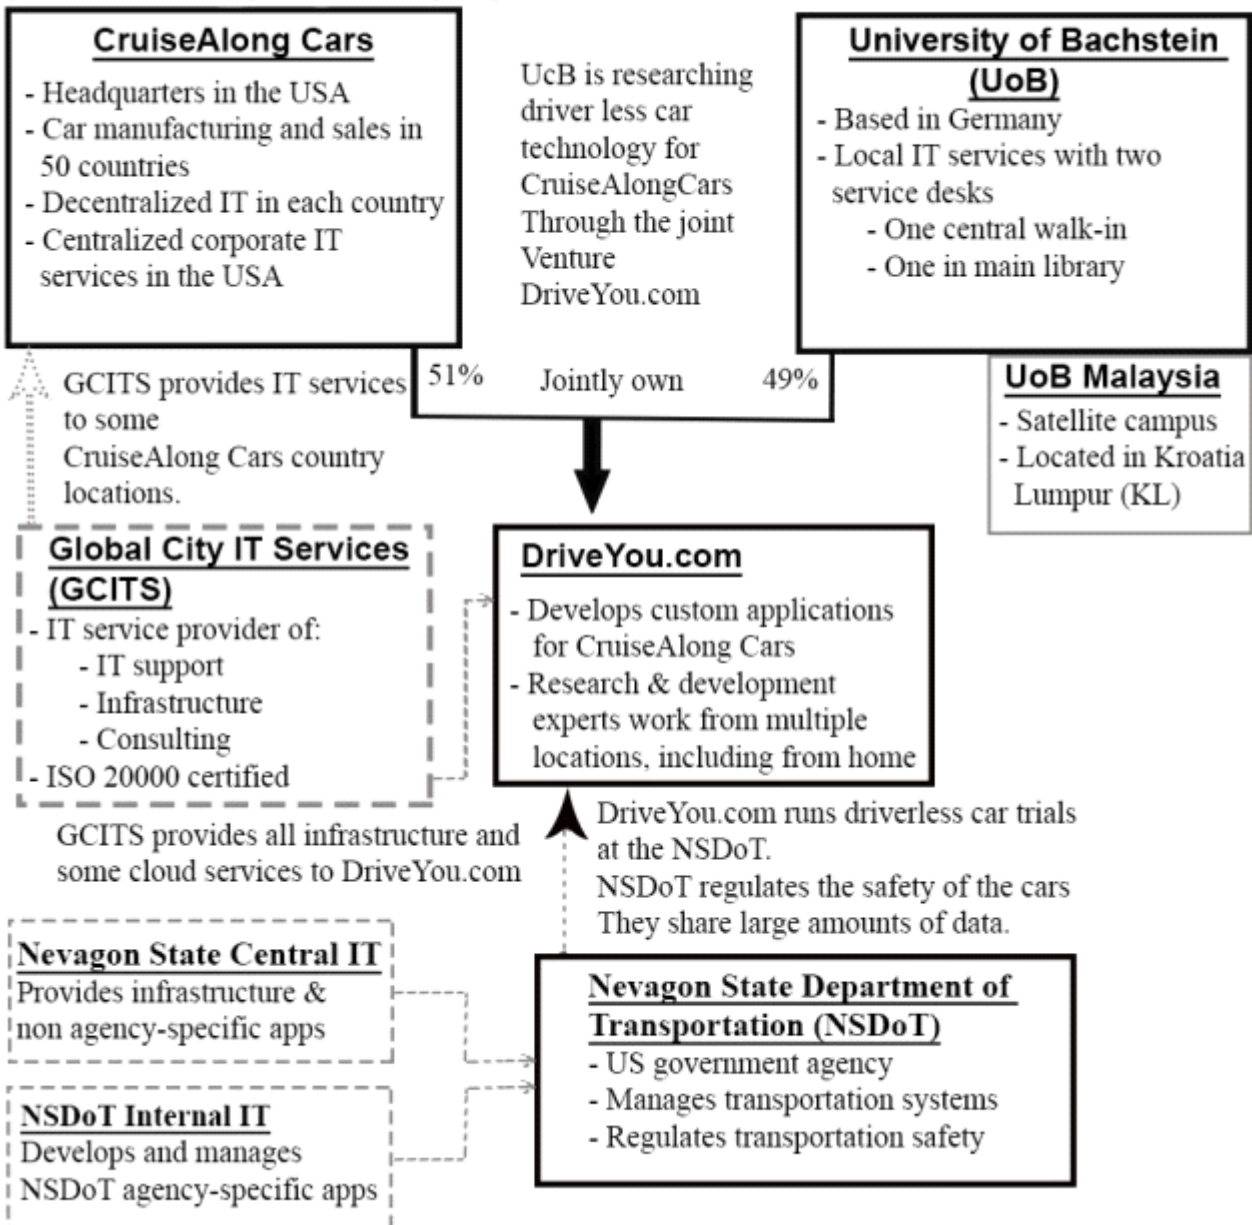

P2PEXams provide a money-back guarantee if their candidates fail the ITIL Practitioner ITIL-Practitioner exam. There is a support team of P2PEXams that will help the candidates to fix their problems. P2PEXams daily updated [PeopleCert Exam Questions](#) as per the ITIL Practitioner ITIL-Practitioner exam changes. You can download and use the free demo of our ITIL Practitioner ITIL-Practitioner exam preparation material before purchase. So don't get worried start ITIL-Practitioner exam preparation and get success in the first try. Best of Luck!!

Question No. 1

See the scenario for additional informational.

Scenario:

(Note: The companies and people within the scenario are fictional)

CruiseAlong Cars

CruiseAlong Cars is a car manufacturing and sales company with corporate headquarters in the United States of America. It has grown by acquisition over the last 20 years and has operations in over 50 countries. Each country has its own IT organization, with some central corporate IT services provided by the US parent company. In some countries CruiseAlong Cars has outsourced infrastructure and service desks. The largest IT supplier is Global City IT Services (GCITS). In two countries GCITS provides CruiseAlong Cars with full outsourced services. They also provide selected services in other countries.

Some of the issues that CruiseAlong Cars needs to address include:

Inefficiencies caused by the current IT structure

Inconsistency of IT services when employees are travelling

CruiseAlong Cars is working with a European university (the University of Bachstein) to research and develop driverless car technology. The venture operates as an independent company called DriveYou.com, and

CruiseAlong Cars owns a 51% share.

DriveYou.com

This is a small, innovative company, that is jointly owned by CruiseAlong Cars and the University of Bachstein

(UoB). DriveYou.com develops custom applications using a highly collaborative, rapid and iterative development approach. Their employees are mostly research and development experts, working from multiple locations, with a significant number working from home. Initial driverless car testing is being conducted in the

US at the Nevegon State Department of Transportation.

Infrastructure and cloud services are purchased from Global City IT Services and other providers, and these relationships are managed by a DriveYou.com supplier manager.

Some of the issues that DriveYou.com needs to address include:

Better structure and accountability around their work practices Compliance with safety and other regulatory requirements.

University of Bachstein (UoB)

The UoB is a university that is based Germany, with a satellite campus in Kuala Lumpur, Malaysia. In the past,

some IT services were funded and run centrally, and some were funded and run independently by each faculty. Centrally owned services include a 'walk-in' service desk, plus a separate service desk in the main library, run by library staff. Library services and IT are both part of the university's administrative services division. Recently, under a new CIO, there has been a drive to centralize and consolidate IT as a corporate function, although this has not been fully achieved.

The central IT department runs a variety of legacy systems, which serve students, administrators, researchers and academics. It also runs some high performance computing systems and high bandwidth networks across the main campus area.

Some of the issues that the UoB needs to address include:

Complete the centralization and consolidation of IT

Manage growth and increasing IT demand

Demonstrate value through competitive, responsive and transparent services

Global City Services (GCITS)

GCITS is a global service provider which has grown through acquisition and which offers a wide

range of services, including IT support, infrastructure and consulting. GCITS has mature and efficient IT service management processes, and holds an ISO/IEC 20000 certification.

GCITS provides the entire infrastructure and some cloud services for DriveYou.com, as well as a range of services in different countries to CruiseAlong Cars. Some of the issues that GCITS needs to address include:

Succeed in establishing a strategic partnership with CruiseAlong Cars

Nevagon State Department of Transportation (NSDoT)

NSDot is a government agency in the US state of Nevagon, where DriveYou.com is running their trials. It is

responsible for managing transportation systems and safety. DriveYou.com must work with the agency to

ensure that their trials comply with safety regulations, and the program includes bi0directional sharing of large

amounts of data.

The NSDoT's internal IT team writes and manages most of their agency-specific applications, however most

other applications and infrastructure are provided by the Nevagon State central IT department.

GCITS have a major audit coming up to verify continued compliance to the ISO/IEC 20000 standard. In

preparation for the audit, they are conducting a series of internal audits.

GCITS has grown through acquisition. The latest acquisition, Optimsolv, does not comply with ISO/IEC 20000.

Optimsolv has a number of process improvements that need to be implemented to attain compliance. GCITS

has six months to ensure that Optimsolv is compliant.

Optimsolv has made the improvements identified in the audit. The GCITS IT Manager needs to determine that

Optimsolv staff have accepted the required changes.

What is the BEST course of action for the GCITS IT Manager to take FIRST?

- **A.** Survey Optimsolv senior managers to gain general feedback on employee satisfaction.
- **B.** Carry out stakeholder analysis to determine which Optimsolv employees to survey.
- **C.** Directly observe impacted Optimsolv employees in their roles.
- **D.** Create a resistance management plan for Optimsolv employees.

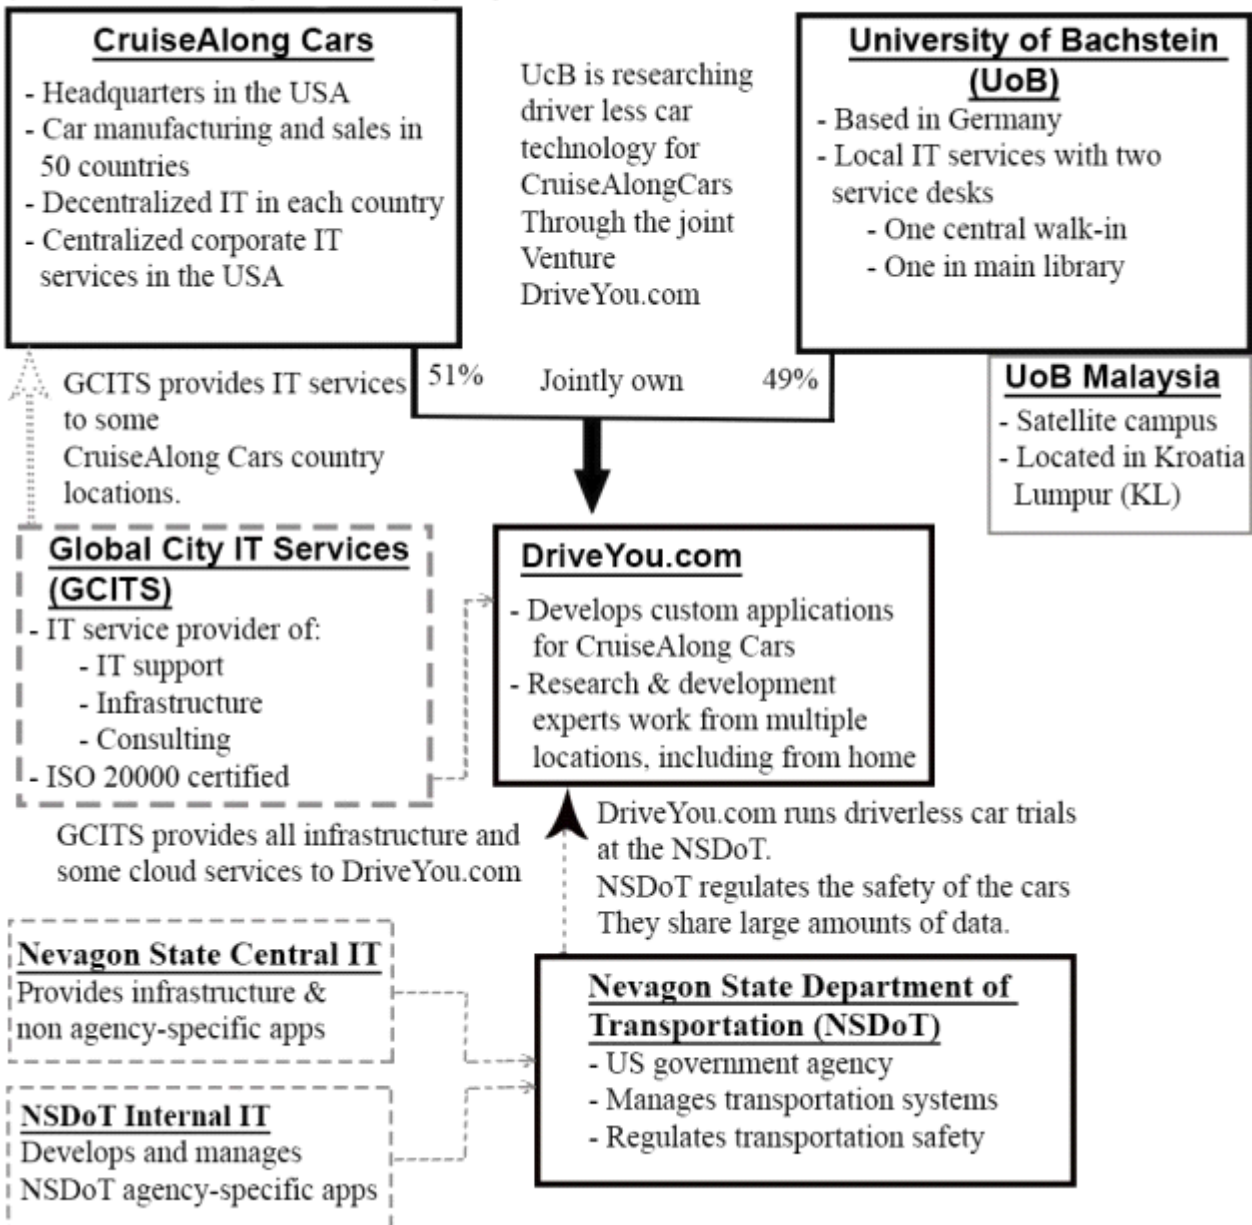

Answer: C
